

# Castle Rock Magnetic Handles & Hinges

Creative  
Hardware, Inc.

## Installs in Seconds!

The days of installing time consuming decorative hardware is now a thing of the past!

Castle Rock Handles & Hinges are manufactured of durable ABS plastic. We use ultra-strong neodymium magnets to secure the hardware to steel doors.

Unlike stamped steel, ABS plastic will not rust, chip, or bleed. Avoid the headaches of costly drilling errors! No tools required, just place the decorative handles and hinges on the door.

**NO  
Drilling**

### NO Drilling Needed

- Easy installation
- Avoid Costly Drilling Errors

**NO  
Flaking**

### Non Corrosive

- NO Flaking
- Rust Resistant

**NO  
Staining**

### NO Staining

- NO Paint Bleed
- Resistance to Discoloration

Ultra-strong  
Neodymium  
Magnets  
snaps instantly  
into place

# Vinyl Overlay, Wood or Fiberglass Doors? NO PROBLEM!

We use aggressive adhesive discs for their superior strength and quality. This adhesive is also used in the Automotive and Aerospace industry.

**High UV Protection**

**Color Fading &  
Weather Tested**

Superior Strength  
**Adhesive Discs**  
for a secure install  
(Adhesive Discs sold separately)

Patent Pending

## Product Specifications

### Handle:

2" Wide  
12" Long  
3/16" Thick  
ABS Plastic  
Neodymium "Rare Earth" Magnets  
(Retains 99% of Strength over 10 years)

### Hinge:

2" Wide  
16" Long  
3/16" Thick  
ABS Plastic  
Neodymium "Rare Earth" Magnets  
(Retains 99% of Strength over 10 years)

1 Year Full-Replacement Warranty  
for manufacturing defects, color fade or premature weathering

**Quick & Easy Installation**

**Easy Add-On Sale**

**No Drilling & Minimal Measuring**
