

# FITNESS MADE FUN'S APP GUIDE!

Learn how to download, log in, and maneuver Fitness Made Fun's parent app! Through this app you can make payments, schedule make ups, report future absences, and so much more!

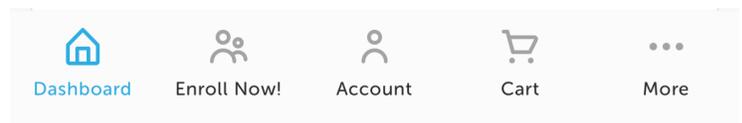

## DOWNLOAD THE APP

Head over to your phone's app store. Search and download the Iclass Pro App. When first opening the app, it will ask you to type the facility's name. Please type in Fitness Made Fun.

## LOGGING IN

Even though you are new to the app, you are not new to the system. You will need to click "Forgot Password". Then you will be prompted to enter your email. This email needs to be the same one you gave Fitness Made Fun when you first registered. Check out your email for a temporary code. You will then need to enter that code on the app. Now you will be prompted to create your own password.

## IN THE APP!

You have five icons at the bottom of the app.

**Dashboard:** Takes you to the home screen. You can see upcoming events, announcements, and recent activity. Always check for announcements from Fitness Made Fun. These can be holiday closure reminders, policy changes, or special events.

**Enroll Now:** If your child is not already enrolled in a class or you wish to enroll your child in a second class, you can click here to enroll your child in a class!

**Account:** This is where you are going to head to the most! Here you can check your students progress, attendance, and look out your balance!

**Cart:** When purchasing items you can confirm your purchases before officially purchasing them.

**More:** Here you can go for app settings, news, notifications, and policies.

## ACCEPTING POLICIES

When first logging in or whenever policies need to be updated, you will be asked to accept rules and policies on the app. For your athlete to be able to participate at Fitness Made Fun, you will need to accept all of the policies.

## MY ACCOUNT

This is going to be the most helpful part of the app! You can schedule your students make ups, let us know when you will be absent, and make payments!

## ENROLLMENTS

Check out your child's class title, day, and time. You can look into transferring classes or managing move ups in this section.

## EVALUATIONS

Once every three months your child's coach will evaluate your child's progress in the class. This helps the coach know what to specifically work on to help your child move up to the next class. You can see your child's evaluations here and even see notes from the coach on their accomplishments!

## ATTENDANCE

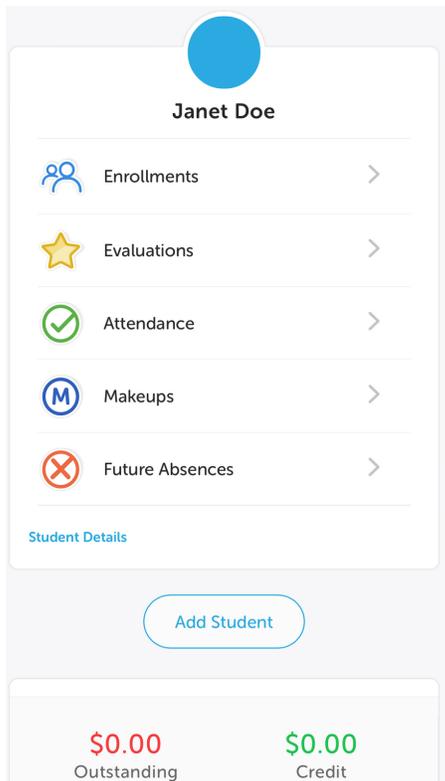

You can check your child's attendance in their class.

## MAKEUPS

When your child misses a class, you receive a makeup token, this token can be used to attend another class to make up their missed class. Only classes with availability will appear. You can schedule these makeups completely from the app.

## FUTURE ABSENCES

If you have to miss a class, you can let us know ahead of time from your app. No calls or emails! You can pick the date your child will be absent and even put a brief reason why. This is very helpful to your child's coach!

## MAKING PAYMENTS

Scroll lower on the accounts page to make a payment on an outstanding balance, make a partial payment, or to see what is owed. You can also add your card on file and even set up reoccurring payments.
