- 2. Use one of the photos above or your own. Note: Be sure to credit the photographer of the photo you use.
- 3. Use appropriate hashtags if posting to Instagram.
- 4. Post.

Hashtags

All social media posts should include: #ExploreNL

Also, use these if they are relevant to your package: #HikeNL #BirdsNL #WhalesNL #IcebergsNL

TIP: The schedule feature in <u>Publishing Tools</u> is a great way to ensure you still get content pushed out on your social media each month. If your Instagram and Facebook pages are linked, you can schedule for both platforms.
