Farm Women United Mission:

Farm Women United seeks to maintain a serious, honest, and open dialogue, giving a voice to farmers who are the real stewards of the earth and the foundation of any free and civilized society. Farmers produce food that sustains life. We are a culture of life. Farm Women United seeks to restore cultural respect for farmers which will result in a just and equitable value being placed on the life sustaining food which we produce and allow farmers to continue to produce food with dignity.

“Indeed the wages of the laborers who mowed your fields which you kept back by fraud, cry out; and the cries of the reapers have reached the ears of the Lord of Sabaoth.” James 5:4
