CLINGING SAFETY ACID SCUM AND SCALE REMOVER THE SAFE ALTERNATIVE!

DESCRIPTION:

HANGLIDER is an inhibited acid which will not harm porcelain, tile stainless or chrome fixtures, yet **HANGLIDER** is thick or "thixotropic" meaning it will cling to vertical surfaces which allows for maximum penetration and easy elimination of accumulated grease, body oils, soap scum, odour causing bacteria, stains and dirt as a result of mineral deposits and rust stains from your tap water.

USES:

- Porcelain
- Tile
- Chrome
- Stainless Steel
- Glass Doors
- Mirrors
- Grouting
- Mold
- Mildew
- Swimming Pools

BENEFITS:

- Removes built up scale and soap scum with quick wipe after allowing penetration time.
- Clings to vertical surfaces for maximum contact time.
- Deodorizes and sanitizes as it cleans, leaving a fresh baby powder fragrance.
- Won't harm most metals, porcelain, or hands when used according to directions.

SAFETY:

HANGLIDER will not burn you or harm fixtures if accidentally splashed; you have ample time to wash the item prior to the surface being effected. This means no more carpet burns, dull chrome or stainless fixtures, but most important no more hot acid burns on your person, simply wash off with soap and water.

DIRECTIONS:

HEAVY DUTY SOIL:

Use undiluted.

MEDIUM-LIGHT SOIL:

1-2 parts water. Apply, let stand 3-5 minutes, agitate lightly and rinse off completely.

PROPERTIES:

Appearance.....	Viscous pink liquid
Odour.....	Baby Powder Fragrance
pH.....	Approx. 1.5
Specific Gravity.....	1.17-1.19
Flashpoint.....	None
Viscosity.....	1250-1600cps
VOC% (EPA Method 24).....	4
