HURRY SALE DEADLINE NOVEMBER 18th

The guidelines outlined by the CDC make the prospect of having our monthly live meetings, not possible. To maintain the advised guidelines and to ensure the health and safety of our members, friends, and members of the community, we have determined that the monthly Nature Club meetings will be suspended for the balance of 2020 and also the year 2021 until further notice.

Thank you, stay well and be safe.

Spring Valley Update for November/December Newsleaf – 2020

Here are the latest updates on winter operations at Spring Valley during the COVID pandemic. As state requirements for public recreation programs and facilities may continue to change, sometimes quickly, please visit the Schaumburg Park District website at www.parkfun.com for up-to-date information. You may also call the Nature Center at (847) 985-2100. The phones are not always staffed; however, if you leave a message, we will reply within a day or two at most.

- Spring Valley's grounds and walking trails remain open for walkers every day from 8am-5pm. Portable toilets are available near the Nature Center and Merkle Cabin; however, no restrooms are open for use and no drinking water is available.
- The Nature Center and Heritage Farm remain closed.
- Bison's Bluff Nature Playground is open daily from 9am-4pm, on any day when dry conditions and temperatures above 40 degrees exist. Special restrictions on group gatherings still exist; however the playground is no longer staffed and there is no fee for entrance.
- All scheduled special events and walk-in programs for the remainder of 2020 as well as the first three months of 2021 have been cancelled. The Park District will be offering a modified version of **Christmas in the Valley** on the 2nd weekend of December (details to be determined).
- Our fall and winter programs continue to be redesigned to comply with group maximums and social distancing guidelines, in accordance with Illinois health and safety guidelines.
- With on-going restrictions on group gatherings, all scheduled meetings are cancelled until further notice.
- The Heritage Farm's programming has been mostly paused for the year. All livestock have been moved offsite. We have recently begun reestablishing the poultry flock and anticipate getting pigs back in spring. Some winter programs are planned for Heritage Farm.
- Volunteers continue to assist with outdoor conservation projects, trail maintenance, and with some of our modified events and programs. If you are willing and able to assist with projects, please contact Brenda Korecky at brkorecky@parkfun.com.

The Schaumburg Park District continues to closely follow the State of Illinois guidelines and additional recommendations from the Centers for Disease Control (CDC). Decisions are also heavily based on finances. Since the Schaumburg Park District relies so much on program and user fees to fund its operations – 50% of all operations are funded by user fees, with resident taxes making up the rest – the district continues to take a heavy hit financially due to the lengthy shut-down and reduced programming. For that reason, facilities that are unlikely to pay for themselves via program or entrance fees are being kept closed for now. Due to the austerity measures in place to reduce expenses, the Park District has made the difficult decision over the past several months to cut its workforce by over 20%. Spring Valley has unfortunately lost five valued full-time staff members to layoffs. The five staff remaining are wearing many hats and will be endeavoring to rebuild Spring Valley's programs and services over the next year or two, after the pandemic abates.

Be safe and well, everyone, and take advantage of Spring Valley's beauty whenever you can!

1974 And Beyond

Spring Valley began as a dream by one of the founders of the Village of Schaumburg, Ellsworth Meineke. Early on he referred to it as “The Spring Valley Dream.” It was he who convinced the Schaumburg Park District and the Village of Schaumburg to work together to acquire and preserve land for Spring Valley. Ellsworth founded the Spring Valley Nature Club in 1974 as a not-for-profit service organization which provides volunteer and financial support for Spring Valley and promotes conservation, nature, and environmental education. The Club sponsors nature programs and teacher field trips, and members volunteer at festivals and fund raisers. We have been working hard since 1974. Won’t you join us?

These words reflect the dedication that the founders felt for the purpose of the Club and the love of the natural world around us. Since the Schaumburg Park District assumed the responsibility of recruiting volunteers, Nature Club’s purpose has evolved to share its love of Spring Valley by offering timely programs that reinforce a more wholesome lifestyle. We have initiated monthly educational programs that instill a comprehension of our ability to lessen our carbon footprint by reducing waste, recycling and reusing our valuable resources. Our monthly programs enlighten us to appreciate our environment and respect its fragile beauty.

We have lessened our impact on landfill waste by eliminating the mailing of our bimonthly News Leaf. We are encouraging members to attend educational programs which teach us the importance of the wildlife around us, the art of using our natural resources wisely and being more self-reliant by advising how to live a more wholesome lifestyle, grow and live more organically and become more self-sufficient.

With the kind donations and assistance from local merchants and organizations, we can exist more ecologically by shopping locally. Some of the wonderful supporters and contributors to the club have been, Roselle Ace Hardware discount coupon on purchases; Schaumburg Park District 1-day Fitness Pass; Platt Hill Nursery for their support and discount coupon at their garden centers; Holistic Art Studio discount coupon; Skincare by Carmela for their discount on services and Sweetland Bakery for their purchase discount.

Our wonderful supporters have given us a way to lessen our footsteps by offering valued products and services at discounted prices while saving our energy dollars by reducing the number of miles we travel. Please support our supporters. With their help, we have been successful in raising additional funds to sponsor educational programming for our Club members, Spring Valley Volunteers, and school children and teachers from our community. We have supplied funds for books for Spring Valley’s Library and have sponsored various free to the public programs and events that the Nature Center has offered.

Thanks to you all, and especially our valued Members and Supporters of Spring Valley Nature Club!

Please take time to review all the wonderful benefits we are offering to our members with their Nature Club membership. Won’t you join us?

Spring Valley Nature Club is a 501(c)3 organization and contributions may be tax deductible. Check with your tax advisor.
