

His Presence!

Read Exodus 14:21-25

In Exodus 33:15, Moses asked God not to lead the Israelites away from the Egyptians if His presence would not go with them.

Moses recognised that without God, they would be in trouble! The bible says that God's presence kept the Egyptians from catching up with the Israelites in the Red Sea.

As a child of God, you need God's presence to sustain you, keep you and direct you. Like Moses, if God's presence does not go with you, don't leave where you are because you can't make it on your own!
