

NB Sno*Drifter News

Hello Sno*Drifters

Here we are well into summer and all that is left of last year's season are the memories of all those marvelous days on the snow. (Much better than thinking about the sand flies eh). Our club was very busy keeping the trails in tip top shape all season and our grooming equipment made it through without any issues! We completed all the Trail work this spring, participated in Mid Summers Days Parade, and have been hard at work organizing the Groomer shed.

Attendance has been great at our monthly meetings so please try to make it out to the August mtg to catch up on what's happening....

Mowing

*Thank you to the Club Member(s) who have been mowing at the Groomer Shed so far, this summer. It has been looking great!

Maps

*Craig Bleeker is working on behalf of the Club in assembling new maps. This includes filling the Sponsor spots and collecting the \$\$, working with Trail Bosses to assure accurate Trail info, Updating City info, and coordinating with the other Clubs!! Thank You Craig.....

HayDays Update

***The ticket Raffle has ended** and we were looking at new ways to replace that funding. Based on a previous meeting and member comments, the club has committed to do additional work setting trash containers out prior to the event and helping to staff Beverage Ticket Booths. Reach out to Kevin or Dudley (651-398-9573) directly as they have started to plan and need staffing commitment.

Sign up has also started for the Demo track. We are on yr 2 of our 3 yr contract. New this year we are working two 4Hr Shifts on Saturday and Sunday. It would be great if we had (14) Volunteers each day (7 per Shift). A signup sheet was started at the July mtg and is on the White Board at the Groomer Shed. Just add your name in an open slot.

A Wrist Band for the weekend will be provided to all who volunteer to **work at the event**. With the Raffle Sales ending and the Grant In Aid always threatened it is more important than ever to take advantage of these opportunity's. Our support of these commitments is very important so please reach out to Scott G, Dudley, or Kevin to help out.

Work Days

*SnoBarons have offered 2 upcoming "**All**" **Club Work Days** out at the HayDays Site. They are July 20th and Aug 24th. Just show up at 8:30, check in at the Barn, and ware your SnoDrifters Shirt

Communication

As our club continues to grow, Clear communication is more important than Ever. Please attend our mtgs and share your thoughts. If you prefer to be anonymous another way is through our "Member" at large Andrew Eastman.
