Jake present on Teams.</p> <p>1.3 Apologies David Harvey</p> <p>Macca from Borrooloola Clinic provided information on the Covid-19 vaccination program being rolled out in Borrooloola.</p> <ul style="list-style-type: none"> • Pfizer vaccines will be available in Borrooloola – 900 vaccines • First round – 31 May to 3 June • Second round – 28 June to 1 July • Highly encouraging everyone in the community to get the vaccine • External team coming into Borrooloola to delivery the vaccination program – online booking requirement • TJ – advised that a bus will be made available to workers to bring into town for the vaccines <p>MB provided overview of the agenda and what the next two days will entail.</p>	<p>PO's will share information about the vaccination program on MRM CBT Facebook page (Contact Carrie for the information)</p>
2	Annual Planning	
	<p>2.1 Annual Planning Session 2021-2022 JG – A draft annual plan has been prepared – to be updated with input from today. Purpose of the annual plan</p> <ul style="list-style-type: none"> • Identify budget and a plan of activities for the next year (2021/2022) <p>JG – identifies the projects currently committed to and what focus areas are represented, as well as observations on spending over the years. CBT led developments to focus on for next year:</p> <ul style="list-style-type: none"> • Commercial land development • Housing development • Youth program • Tourism infrastructure • Sports infrastructure <p>Board agreed that these are the areas the CBT should focus on, with particular emphasis on youth.</p> <p>Discussion: AF observed that the Thunders are bringing people together in the community, and the benefit they are having for the whole community is significant. All organisations in Borrooloola are coming together to support the Thunders. AB – youth has been a topic of the CBT for a long time and there needs to be a focus on youth for the next year – opportunity for education programs and ways to learn two ways – learn from and educate youth.</p>	<p>PO's to update the Annual Plan with outcomes of the session. This will include identified programs and a budget. This will also include a Prospectus to identify potential co-funding options.</p> <p>PO's to investigate the function and status of the Batchelor Institute.</p> <p>PO's to prepare a board paper on the</p>

	<p>AB – noted that there are a lot of programs/activities for women in the community and not a lot for men. SE agreed. Been pushing for a men’s centre and men’s programs but hasn’t happened. AF agreed there is nowhere for ‘men’s business’. Lots of ideas but need the land/building to do it. Potentially there are spaces available – e.g. Broad Street old Trade Centre. Is there an opportunity for the CBT to lease this space?</p> <p>2.2 Update on Youth Engagement Aspirations Youth study outcomes presented to the board. Board members agreed that more needs to be done to support youth – activities, facilities, things to do and places to go. Next stage of the project is to create a model for delivering youth programs and identify funding sources to deliver programs. Will continue to engage with the community to identify ideas for projects.</p> <p>2.3 Discussion of priority projects for 2021-2022 JQ – need to more strategic about the budget and what money is allocated to. The board should identify the priorities for the next year (e.g. youth programs) and identify projects through targeted engagement and invite applications that only meet that priority. This way enough funding can be allocated to the focus areas the Board wants to prioritise. MB – board needs to determine the right way to approach allocation funding for a specific area. JQ noted that there are some ongoing projects that rely solely on the CBT with no other contributions. Need to start holding some organisations to account in terms of being able to fund their own programs. Can use this as an opportunity to go to other levels of Government and show that the CBT is committing to youth programs over three years and ask for their contribution.</p> <p>Discussion:</p> <ul style="list-style-type: none"> • ND - Need for more sporting activities • AB – acknowledged that there needs to be community motivations to participate in sports and other activities. Needs to come from within the community, not from outside. • AB – recognised there are facilities/equipment available within the community but people don’t have access to it – needs to be made more widely available. • ND – need to compliment Council programs, not duplicate on their service delivery • AB – town signage. Need for signage for when funerals are happening to slow down/divert traffic – possibly trailer signage • TJ – Gudanji Ranger program should be included in aspirations 	<p>opportunity for a men’s space. This will also consider the need for a Safe House.</p> <p>PO’s to investigate option for an evaluation of projects/programs to be presented to the Board</p>
3	Trust Legal Framework	
	<p>DO – asked Board for support to engage external legal firm to undertake a review of the legal framework/constitution to ensure compliance, based on recommendations from KPMG. This will involve getting a list of recommendations for where changes may need to be made.</p>	<p>DO to provide PO’s with KPMG document.</p>

	<p>Outcome: briefing paper from legal firm for next meeting Moved – DO Seconded - MB</p>	<p>Outcome: briefing paper from legal firm for next meeting</p>
4	<p>RGRC Updates (Marc Gardner and Dr Stephanie Phelan)</p>	
	<p>MB welcome to Marc Gardner, Dr Stephanie Phelan and Mayor Judy McFarlane from Roper Gulf.</p> <p>4.1. RGRC Basketball Courts/Youth Centre update MG – original project was split into two projects First stage is covering the sports courts, and second stage is to develop a cyclone shelter. The cyclone shelter development was taken out of the control of RGRC. Sports Courts cover is due to begin construction and the end of June 2021. Cyclone shelter not due to begin until end of June 2022.</p> <p>4.2. RGRC Rocky River Bridge Upgrade Complete. Still some concerns with the design of the bridge – railings, access from Yanyula camp.</p> <p>4.3. RGRC Animal Welfare Vet Program Three year funding has ended, asking for more support. Major concerns regarding new diseases being detected in town. Board recognise that it is an important service and invite the Veterinary Program to submit an application for the August board meeting.</p> <p>4.4. Other Projects Town camp roads – RGRC took the Federal Minister to the town camps who recognized it is the responsibility of the NTG to fix the roads Swimming pool – money is needed to help keep the pool in operation. AB noted that there are a lot of people who have their Bronze Medallion in town but the pool has to be staffed by a Council worker, which limits its ability to be open. AF suggested getting in touch with the YMCA who can provide resources to help run the pool or identify other partnership opportunities Showgrounds upgrades – need for power and water upgrades to the showground to make more usable. Need for grant funding to be able to do the upgrades.</p>	<p>PO's to determine if the Basketball Courts project is still in the scope of what was agreed in the funding agreement between the CBT and RGRC, and propose a way forward to renegotiate the funding agreement.</p> <p>PO's to request reconciliation from RGRC for what the \$300k already provided has been spent on.</p> <p>PO's to investigate providing hoarding signage with CBT Logo for the construction of sports court roof.</p> <p>MG to send PO's masterplan for showground – PO follow up</p> <p>PO's to invite Dr Phelan to submit application for the Vet Program for the next board meeting</p>
