Chairman's Corner

It has been a very challenging year for Clear Lake Township and for everyone because of the pandemic. Clear Lake Township has been planning and saving for a new town hall for the past ten years. All of that hard work and planning came to culmination when we moved into our new building in November of 2020. This building will serve Clear Lake Township residents for many years to come. Also, this building will allow our staff a permanent place to work, a place for residents to come to conduct township business and our own polling location for elections. This building is equipped to provide virtual meetings thanks to the Federal Government "Cares Act of 2020". In the future we will be providing set hours of operation to better assist you and all those who wish to contact the Township. Because of strict planning and fiduciary duties to our residents, this building is completely paid for and no tax increases were incurred by you for its construction.

Clear Lake Township will undertake one of its largest road projects ever with the reclaim and overlay of our portion of the Sherwood Shores addition this summer.

As always, our main thrust of service to you is to provide high quality roads for you to use which are safe and efficient any time of year. We currently maintain 31 miles of road and have a very extensive road maintenance program and schedule. As much as we try, we cannot be on every road all the time. As residents this is where you come in. Please contact us with any concern you may have so it may be addressed in a timely manner. Clear Lake Township is always available to help with any issue large or small in a fully transparent fashion. We have a very passionate and experienced staff and board members who are more willing to help you with all your needs. We work corporately with the Sherburne County Zoning Department for your zoning, permit and building needs. Please feel free to reach out to us by email so we may assist you.

I have been an elected board member since 2004 and Chairman since 2011. As with anything, I am continuing to learn new things with this position. Some issues may take some time to solve but I will truly work diligently to provide a solution for you. I am always available. Please don't hesitate to email me. I look forward to assisting you.

Clear Lake Township Chairman
Gary H. Gray

Township History Book

A book about the history of Clear Lake Township, from the first settlement to the present day is available. As a lifetime resident of Clear Lake Township, Lloyd (Bud) Stimmler had spent an incredible number of hours researching and assembling a book along with the help from many area residents. If you would like to buy a book, please contact Bud at: (320) 761-5793 or cltwpvicechair@hotmail.com.
