Heavy Duty Acid For Deliming Kitchen Equipment

SCALE TAMER will remove lime scale, hard water film, alkaline residues and milk-stone from stainless steel dishwashing machines, steam tables, dish tables, drain-boards, coffee urns, and other stainless steel surfaces.

SCALE TAMER is a breakthrough in cleaning technology. This powerful cleaner harnesses the cleaning power of a traditional hydrochloric acid cleaner with unique ingredients to "tame" the potential harm to both product users and surfaces. This results in a safer and odorless product that is highly effective for descaling and cleaning.

FEATURES

- Contains hydrochloric acid.
- Proprietary ingredients to "tame" hydrochloric acid.
- Exceptional surfactant blend.
- No strong acid smell.
- Easy and pleasant to use.
- Stable hard water tolerance.
- Controlled corrosivity.

ADVANTAGES

- Highly effective product for cleaning, descaling, derusting and polishing.
- Safer and more pleasant to use than hydrochloric or phosphoric acid based delimers.
- Effective removal of soap scum, oils and other soils.
- Eliminates "fuming" of traditional hydrochloric acid products.
- Reduces cleaning time.
- Effective cleaning action even in hard water conditions.
- Doesn't corrode many materials that traditional hydrochloric cleaners do.

FOR HANDLING AND PRECAUTIONARY INFORMATION, REFERENCE THE PRODUCT LABEL AND MATERIAL SAFETY SHEET.

BENEFITS

- Safer and more pleasant to use
- Reduces risk to product users and potential damage to surfaces
- Improved cleanliness
- More pleasant to use
- Saves money
- Various water conditions will not affect cleaning effectiveness
- Safer – less liability
- Fragrance Free
- No nonyl phenol ethoxylates, glycol ethers, phosphates

DIRECTIONS FOR USE

Always add **SCALE TAMER** to water, never add water to the concentrated product. Rubber gloves recommended if product may contact hands.

General Lime Control:

Add 13ml. of **SCALE TAMER** per litre of water (52ml per 4 Litres). Allow areas of heavy lime deposit to soak for several minutes then brush surface. Do not allow large pieces to clog drain. Rinse food contact surfaces with potable water.

Dishwashing Machines:

Drain, flush and clean out. Never add **SCALE TAMER** to machines containing detergents. Fill tanks with hot water. Add 50ml of **SCALE TAMER** per litre of water (200ml Per 4 Litres). Turn on pumps until lime is dissolved or can be brushed away. Drain tanks and flush with potable water.

TYPICAL PROPERTIES*

Appearance.....Green slightly viscous liquid
 Odour.....Mild, Fragrance Free
 pH(1%).....2-2.5
 Specific gravity.....1-1.2
 Water Solubility.....Complete
 VOC% (EPA Method 24).....0
 Flash Point.....None

*These values represent typical properties only, and are not to be construed as manufacturing specifications.
