How do I know which ageLOC LumiSpa treatment head is right for me?

Select your ageLOC LumiSpa treatment head based on your skin type and treatment needs. Each treatment head removes impurities and purifies skin, delivering a gentle experience ideal for a variety of skin types. for most skin types. And the Firm treatment head is for those who want the most aggressive experience but is not recommended for those with sensitive or acne-prone skin. You can use different heads for different experiences each day.
