

Brad Lorber, MD

Specialty: Physical Medicine and Rehabilitation. Nerve Conduction Studies

Dr. Lorber received his undergraduate education at Lewis & Clark College and then went on to complete his MD at Oregon Health Sciences University. He completed his medical internship at St Vincent's Hospital. His residency was in Physical Medicine and Rehabilitation at Long Beach Veteran's Administration and UC Irvine/Long Beach Memorial Hospital. He was employed for several years with Neuromuscular Consultants in Sacramento before returning to Oregon to serve as the Assistant Medical Director and now Medical Director at NW Occupational Medicine Center in December of 1999.

He is Board Certified and holds Diplomate status with the American Board of Physical Medicine and Rehabilitation. He is a Fellow with the American Academy of Physical Medicine Rehabilitation. He also has specialty training in Electrodiagnostic medicine including nerve conduction studies.

He has served as Co-director of Northwest Occupational Medicine Center, Inc. for the past 12 years.
