Our BookSleuth is specially designed for you. The lowest-priced item that has been used or worn previously. The item may have some signs of cosmetic wear, but is fully operational and functions as intended. This item may be a floor model or store return that has been used. See details for description of any imperfections. To begin, I rated this book excellent. The American Experience contains stories, poems, nonfiction, and drama into one book. The literature contained in the book is all from America. This feature shows how American literature connects to other parts of the world. Even modern American literature is found in Connections to Today's World feature. The book contains five units and it is divided into parts.

The book includes a timeline of American and World events. The book points out important American and World events. There is also a brief history lesson after the timeline, which points out the main historical events in American history. One last section I am pointing out is the Development of American English section. This section shows how we got some of our words that are found in America. Some of the reading selections in The American Experience are not that hard to understand, but there are some that are hard to understand because some of the authors used different grammar and spelling.

The book even lets you choose stories based on a time period that you are interested in. Seller rating : This seller has earned a 2 of 5 Stars rating from Biblio customers. Used good. Books Express. Used hardcover. Didn't find what you're looking for? Add to want list. Are you a frequent reader or book collector? Learn More.
