

DoD CYBER CRIME CENTER (DC3)

DoD—Defense Industrial Base Collaborative Information Sharing Environment (DCISE)

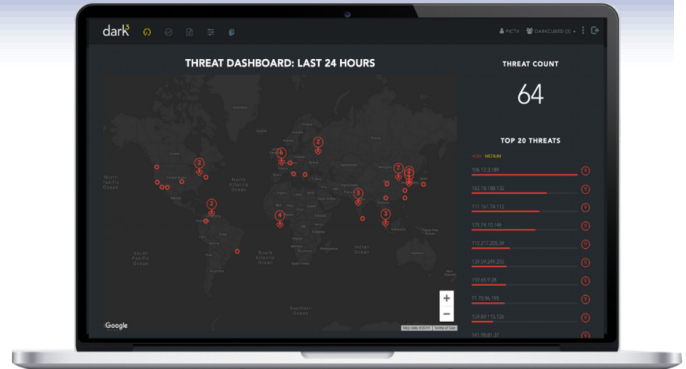

DCISE³

Simply Intuitive Cybersecurity

DCISE is partnering with Dark³ to provide a powerful and easy-to-use cybersecurity software as a service (SaaS) platform that deploys instantly and delivers enterprise-grade threat identification and protection to hundreds of organizations.

Your company will receive the following:

- Real-time monitoring of your network traffic
- Threat detection
- Alerts
- Data shared anonymously without cost
- Malicious traffic will be blocked

Offered at No Cost to DIB CS Members*

We help
protect against
DDOS, and
DNS Attacks.

*To the first 100 volunteers only

15 Minute
Deployment
Agentless
Approach

We Provide

**Federal
Compliance**

**Real-time
Visibility**

**Auto
Blocking**
