

# Any Time Your Company Needs Training for Anything Think of Custom Fit!

## What is Custom Fit?

Your business tax dollars coming back to help your business. Custom Fit works with businesses of every size and shape – from mom and pop stores, to struggling start-up companies and state and national corporations, providing funding for a wide variety of eligible training and continuing education for their employees.

## If you're paying full price for training, you're paying Too Much!

Custom Fit funding is made available through the Utah Legislature for economic and workforce development through training partnerships. If your business pays Utah taxes, this program is for you.

### Custom Fit partners with your business to:

- Provide flexible technology education & skilled training
- Arrange training customized for your company's specific needs
- Bring a specialist from your industry to your business to provide training
- **Pay 40 percent of eligible training costs at many approved training locations & providers in Utah and out of state. This includes courses offered at Uintah Basin Technical College**

**\*Includes on-line and webinar training costs too!**

### Who Can Qualify?

- Companies that pay Utah taxes

### Applying for CF is a simple process

- Fill out a Custom Fit Application Form & Agreement at: <https://form.jotform.com/201695032818052>
- A Custom Fit Officer will contact you to discuss your company's training needs.
