Summer Adventure Camp

Dear Parents,

Summer is a time for fun. A time to spend exploring and encountering experiences that will ignite curiosity and provide the opportunity for social growth. Our inclusion summer adventure program is committed to providing a fun and entertaining summer program for all children to enjoy. Our camp enrollment will be open for our current students and peer role models.

Our summer adventure program is designed to give students a fun summer experience but will include an hour of academic enrichment daily in order to maintain academic skills and avoid the summer slide. Each week will be themed and will include art, cooking, sports & fitness, science and discovery, weekly water days, fieldtrips, and much more.

Summer camp will be 6 weeks divided into 2 sessions. Session A runs from June 21st – July 9th and session B runs from July 12th – July 30th. The cost of our camp fee is \$645.00 per session however, due to the results of our 2019 Art Show fundraiser and the fact that we did not have a 2020 summer camp, funds are available for the 2021 summer camp and we are able to award partial scholarships to the first 30 campers that register. We will discount \$150.00 per session. The cost of each session will be discounted to \$495.00 per session.

If you would like to enroll your child in our Learning Links Summer Adventure camp, please fill out the enrollment form attached and send it in along with the registration fee of \$50.00 (Registration includes 2 camp t-shirts). **Please remember space is limited and we will not take any enrollment after the deadline.**

Additional camp details:

*The summer program will last a total of 6 weeks (June 21st – July 30th)

Session A (3 Weeks) June 21st - July 9th –
\$645.00, less \$150.00 scholarship (if applicable) = \$495.00

Session B (3 weeks) July 12th – July 30th –
\$645.00, less \$150.00 scholarship (if applicable) = \$495.00

40% discount for siblings and role models

*Camp hours will be from 8:30-2:30 p.m. (dismissal ends at 3:00)

*Enrollment starts April 6th and closes May 25th (or once capacity is filled).
(no registration will be accepted after all slots are full)

All campers will experience...

Academic enrichment time

In our academic enrichment hour, students will work on academic skill building in a variety of subject areas from Reading comprehension, Math and fine motor writing. The segments will be designed to have a variety of components from technology-based learning, teacher directed and whole group instruction. The purpose of our academic enrichment time is to give our students a boost in areas of academic deficiency.

Culinary Creations

During cooking activities our campers will learn about, different foods groups, nutrition and take part in creating daily recipes. Students will apply mathematical skills as well as sequencing as they go through the process of creating different nutritious recipes.

Sports

During sports time our campers will take part in learning & participating in different sports. Students will learn about the importance of staying fit as well as different muscle groups. Throughout the session our campers will learn different skills to play a variety of sports.

Arts & Crafts

During arts & crafts students will work on a variety of crafts throughout the session from candle making to soap making, paper crafts etc. Campers will also work on language and sequencing as well as make beautiful creations.

Science and Discovery

In science and discovery our campers will learn about different topics that will take them on a journey through scientific discovery. Campers will witness and take part in hands on experiments that will amaze them as well as teach them about a variety of topics from dinosaurs to space and much more.
