**1249 in Adults  
69 in Children**

- ⌚ 1249 Medical dangerous or lethal side-effects conditions following vaccination of adults, and
- ⌚ 69 Medical dangerous or lethal side-effects in children following vaccination by the false vaccines.
- ⌚ Saline false vaccines have no side effects.
- ⌚ Some politicians and doctors play politics claiming or disclaiming certain effects (side effects), therefore, we chose to list them and ask the reader to confirm them.
- ⌚ We cannot claim absolute accuracy of everything in the lists, since it is beyond our research means. We can only list them and ask each person to research them according to his means.
