Whereas 'coronary' is no so much Put it in the 'Frunk' You can never have too much storage.

What Does 'Eighty-Six' Mean? We're intent on clearing it up 'Nip it in the butt' or 'Nip it in the bud'? We're gonna stop you right there Literally How to use a word that literally drives some pe Is Singular 'They' a Better Choice? It is kind of sad that Marnie harbored this crush for so many years and would not allow herself to love. It was very disturbing to read when Law drugged Marnie. I never really bought the idea of the motive for sending the letters and who ended up being the one who sent them either.

I was glad that I got it from the library and had not paid any money for it. She is such a well known and highly rated author, though that I will likely try one of her other books at the library to give her another chance. This was a cute little romance story about a couple that meet when one was 14 Marnie , the other was 23 Law , the twist is that the older sister 16 was there too and she is the one with the summer romance with Law and ended up pregnant. The sister doesn't want the baby but the parents find out and intervene.

She ends up having the baby, but never gives a damn about him, leaving Marnie to raise the child. The sister in her self destructive ways dies in an accident 4 years later. Fast forward This was a cute little romance story about a couple that meet when one was 14 Marnie , the other was 23 Law , the twist is that the older sister 16 was there too and she is the one with the summer romance with Law and ended up pregnant. Fast forward 16 years. Marnie is out in the yard gardening when who should drive up, but Law, angry as hell, having gotten a letter black mailing him about a child he knows nothing about. Marnie recognizing him, stammers that she has never had a child, at this point David comes home yelling "Mom", and the jig is up.

Law barely remembers her sister and denies David is his son even with the evidence of looking the same staring him in the face. The rest of the story deals with Law coming to terms with a child he never knew about and Marnie having to deal with always having been in love with Law. This book was written in the 's and there are some dated references, but you just laugh at it. Sep 20, Kelley rated it liked it. Long Time Coming is a romance novel by Sandra Brown.

I received a free copy from the Goodreads Giveaway Program I give it 3 out of 5 stars. I had never read a pure romance novel by Sandra before, so it was a new experience for me. The romance is somewhat lacking on the physical side, but the connection and dialogue between Law and Marnie is well written. One thing I always like about her novels is that they are never predictable, at least not where one knows exactly what is going to happen next. I received this through GoodReads FirstReads.

Still, I was determined to read it though my expectations were considerably lowered by the cover. The beginning was far better than I expected and drew me in. I cared about the main character and wanted to know what happened to her. The middle of the book was okay, but nothing out of the ordinary. What really annoyed me was the ending. It was abrupt, sudden and gave no chance for character development. This is meant to be light-hearted romance, with an emphasis on romance and a consequent neglect of plot and character development. I enjoyed the book, but it's not something I'd recommend, read again or buy for myself. Feb 29, Julie Barrett rated it it was amazing. Long Time Coming by Sandra Brown Marnie is raising a teenager and is working on an advertisement for a freelance job when the astronaut comes to her house and wants to know why she's been sending him letters that he's the father of her child. They had met back 14 years ago one summer when their families summered at the beach.

Law had gone out a few times with her sister and she did have a baby, David later dying in a car crash. That's how got to raise her sister's child. Her mother was in a local Long Time Coming by Sandra Brown Marnie is raising a teenager and is working on an advertisement for a freelance job when the astronaut comes to her house and wants to know why she's been sending him letters that he's the father of her child. Her mother was in a local nursing home and the expenses were adding up.

He spends time in the area to get to know his son and her, he would've remembered making love to her. After the test he does confess to her that he is the father and they need to talk more. He finds out a lot more when he looks through the family albums and Marnie tells him of her sister, Sharon and when she got pregnant and had the baby. Pictures of David as a child. Marnie solves the mystery also of who's been sending the letters to Law. Aug 17, Amy rated it liked it. This review has been hidden because it contains spoilers. To view it, click here. I'm waivering between 2 and 3 stars for this book.

I didn't stop listening to it, so it has that going for it, but it was kind of creepy as hell too. First of all, Law is evidently all about the younger ladies. And sleeping with every girl he meets. Some of the scenes had me doing a double take at the speakers. Eventually he wears Marney down, after what I would consider to be called drugging her, and they wake up in bed together and it's magical. Hold up. Did you really just sleep with your dead I'm waivering between 2 and 3 stars for this book. Did you really just sleep with your dead sister's baby daddy? The one that you fell in love with when you were 14 and he keeps saying he should have nailed you instead of your sister? Yeah, he's that much of a gentleman. That was all very creepy and weird. May 15, Sharyn rated it it was ok. I listened to this on CD that I found at a library book sale. It is my first Sandra Brown romance and was written in , so not quite liking it in The trope, off to college boy has sex with 16 year old girl he thought was older.

Younger sister has mad crush on him. He becomes famous astronaut and 17 years later he discovers he fathered a child who is now turning After much angst, anger and misunderstandings, there is a HEA. The writing is quite overwrought and descriptions sort of ch I listened to this on CD that I found at a library book sale. The writing is quite overwrought and descriptions sort of cheesy. I doubt if I will read another. Jan 11, Bronwyn Rykiert rated it liked it Shelves: audiobook , romance. Marnie Hibbs had been in love with Law Kincaid a famous astronaut since she first met him while on vacation with her family when she was It is 17 years later and he has come to her place to confront her about the letters he has been receiving from her address threatening him and mentioning that he has a child that he knew nothing about. I loved Law from the start and at first

Mamie was okay too, but as the book progressed she was too much of a martyr and I did not enjoy her.

I loved it because it was very relatable even though I felt like at times it lacked the magic that SB usually has in her books. It was a sweet read anyway. Feb 12, Allison rated it did not like it. This book did NOT age well. I'm not entirely sure why I finished it, I suppose I hoped it would get better. Two months ago I found Sandra Brown by reading Ricochet and loved it so I read her other books from my local library. I've read both her older romances and her new mystery romances and it amazing because you can see the positive progress over time. I would not recommend this book at all. Save yourself sometime and go read another of Brown's books. Mar 11, Mmckinnie rated it it was ok. Worst Sandra Brown Book ever. Upon accepting the quest Nick Valentine gives 1 of the 10 holotapes the Sole Survivor needs to get a code to unlock Eddie Winter's bunker. The remaining nine are in the various police stations in Boston. Having them unlocked before reaching the required affinity with Nick Valentine can save time.

Talk to Nick and give him all holotapes. Then follow him to Andrew Station. Enter the subway and follow Nick all the way to Eddie's bunker. Follow Nick out of the facility, then talk to him to end the quest. Fandom may earn an affiliate commission on sales made from links on this page. Sign In Don't have an account? Start a Wiki. Contents [show]. He thinks the Commonwealth's police evidence terminals should be able to point me towards the tapes. I should turn them over to Nick.
