Through 2017 Seminário Batista Caraguá has conducted classes in 4 cities in the state of São Paulo an area the size of Georgia and Florida combined. Travel time is a major issue in Brazil. Instructors and U.S. volunteers fly into São Paulo city the largest city in South American (20 million plus). Just getting across the city can take between 2 and 5 hours. Two of the regions are 5 hours drive time from the outskirts of São Paulo and Caraguatatuba while geographically close take almost 3 hours to reach. It takes between 9 and 10 hours to drive from Caraguatatuba to the other two northern locations.
