

PRINCIPLES OF CHRISTIAN LEADERSHIP – PEOPLE, TASKS, GOALS

Course Description:

Most of our knowledge comes to us in two ways: from patterns and from principles. This course author analyzes leadership from both perspectives and looks at examples of several of God's chosen leaders. Students are given the opportunity to consider these familiar biographical studies of the Bible in a new context using the theme of leadership. The most advanced theories of leadership and human development are outlined, and the application of these theories in harmony with Christian faith and practice is explained.
