

Founded in 2008, Tri City CERT is a Community Emergency Response Team from the cities of Gardena, Hawthorne & Lawndale that seek to learn and refresh their knowledge and skills in disaster preparedness and help their community when a disaster does happen.

Our vision is to train residents of the Tri City area (Gardena, Lawndale and Hawthorne) to be prepared in the event of a disaster and to be a deployable resource to assist any agency with emergency response upon request.

Basic CERT Training-Through the Los Angeles County Fire Department, we offer the FEMA-approved 20 hour CERT training curriculum to the cities and communities we serve. The Community Emergency Response Team (CERT) Program educates people about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills.

Online CERT basic training will be made available soon. Upon completion, you can sign up for hands on CERT skill training with TRI-CITY CERT.

For more info and to sign up, please contact tricitycert@gmail.com
