Nothing in life should be
feared,
only understood. Now is the

understand more, to fear less.

February 27, 2022

Fear arises from the false belief in duality, the belief in two powers. This is a belief that there may be a power opposed to God, whose influence can attract evil to us. We release fear through the cultivation of faith, a faith founded on the thought that God is ALL there is.

It is through this fear in two powers, that we will always victimize ourselves and

in doing so, we fail to take responsibility that we are the ones in control of our thoughts, feelings and emotions. When we blame something external as the cause of what we feel, we miss the opportunity to improve the relationship we have with ourselves, and therefore, the relationship we have with others.
