Room Art with Paper Plates

Materials

Large and small stickers

Wall-Art decals

Small paper plates, in variety of colors

Magic black marker

Alphabet stickers

Puff paints or puff glue

Wide ribbon-(2-3 inch wide) 3 yards long for each

Butterflies either plastic or sticker Fun photos if desired

Choose the type and number of plates you want to use. Lay them out on the table or floor, so you can see what they look like together. Here we choose a flowered plate to glue on top of a pink one in an alternate pattern.

Then, cut out the letters and pictures of the stickers you want to use but don't peel and stick them yet, in case you want to change them around. Arrange them on the plates.

On the top plate, use the alphabet stickers and spell your name.
Then decorate around it with stickers or glitter glue.

On the next plate, write what your name means or write a Bible verse and decorate the plate.

Use large stickers that are sold for Wall Art to put in the middle of the next plate.

Or draw a special word in glitter paint.

Roll out the ribbon and lay the plates on top of it in the order. Leave about 2 inches in between each plate and 4 extra inches on top. Then with a hot glue gun, apply a couple of lines of glue right in the middle of the BACK of the plate. Be careful, it's hot!

(Have a parent supervise) Then flip the plate over and attach it to the ribbon. We used the glue bottle to press it firmly in place because it was hot. Do this with all the plates.

Tie a bow with the extra ribbon and attach it above the top plate on the ribbon with hot glue.
