## WORKMATE

Powered by **KOHLER**

# "POWER TO CONQUER"

Quality Skid Steer Loaders

The Viking Workmate is designed to make operators more productive. Viking Loaders achieve this by using good ergonomic mechanical design, combined with innovative hydraulic design and world class components.

The Workmate is designed and manufactured in Bayswater, Victoria; we use local sub-contractors and suppliers.

Please call Viking Loaders and discuss

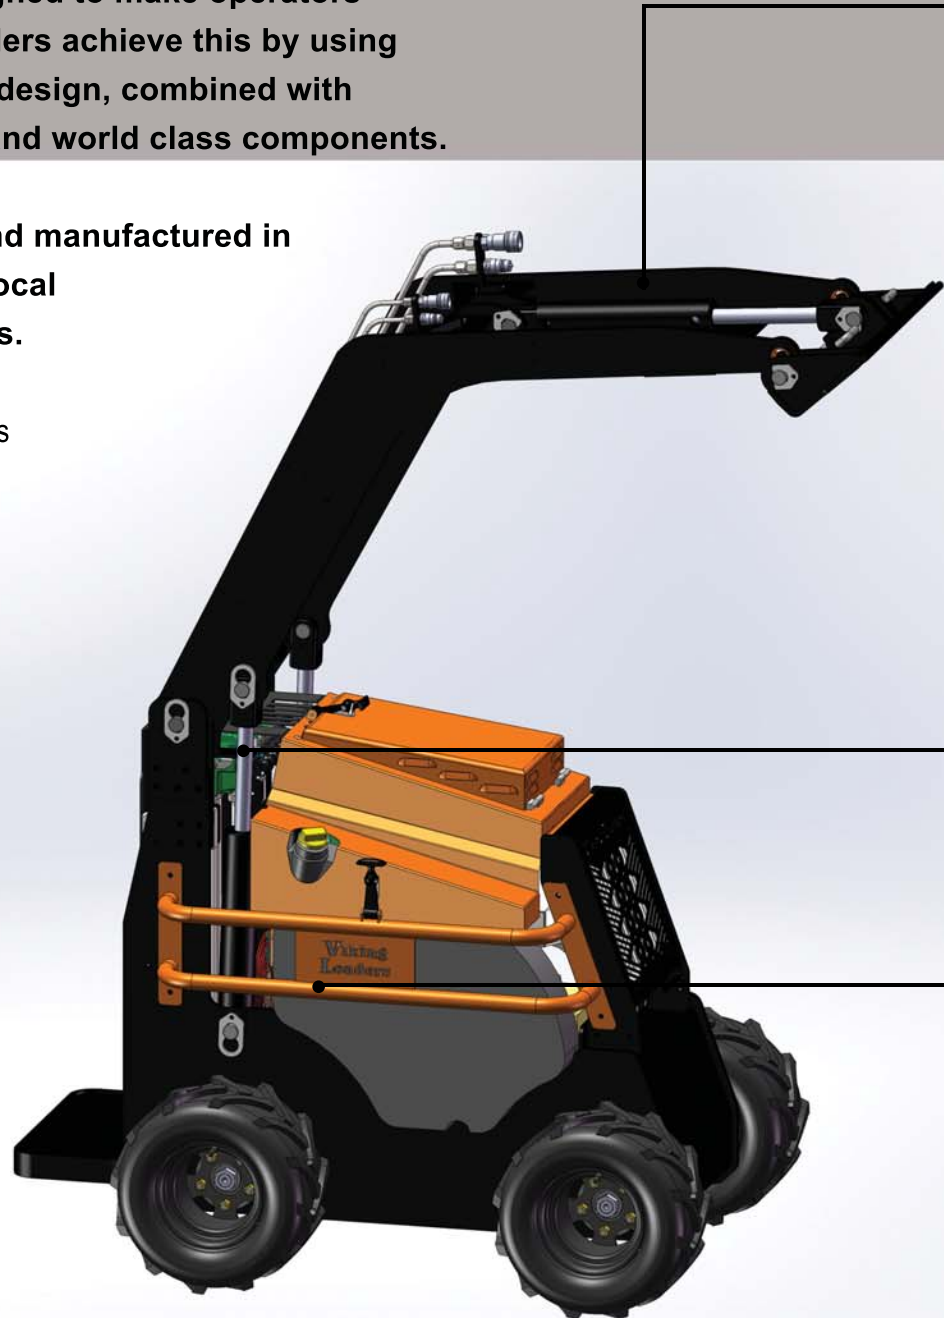

## PRODUCTIVITY

- Load Capacity
- Wheel Speed
- Arm Speed
- Machine Operation
- Dump Height
- Dual remote ports

## SERVICEABILITY

- Enclosed electrics
- Accessibility for maintenance

Improve your business from as little as \$100 p/week. All with the 100% Viking Guarantee.

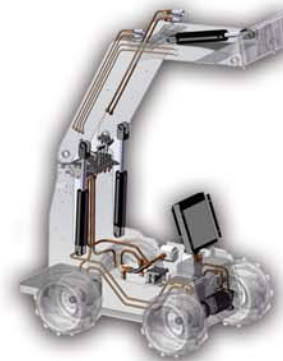

## CHASSIS

- The narrowest contractors mini skid steer loader - 950mm wide standard or 740mm wide, fitted with skinny wheels
- 16mm fabricated steel construction
- 20mm fabricated arms
- 8mm belly pan
- 1.9mm dump height
- Low centre of gravity
- Ergonomically designed control layout
- Large operator platform-very spacious

## HYDRAULICS

- Innovative high performance, industrial hydraulic system
- Very efficient high flow design
- Fully integrated one piece control valve
- Variable speed trencher control valve
- Single high pressure pump
- Twin- High flow & low flow remote auxiliary ports
- 500 hr hyd service interval
- Individual wheel motor access
- Large 5kw thermo hydraulic cooler with fan

## ENGINE

**KOHLER**

- Optional, 23hp (Carburetor) or 27hp (EFI) V-twin Air Cooled Petrol Engine, application tested and international warranty approval
- Easy access for maintenance
- Full-pressure lubrication, delivering positive lube to engine component, up to 25-degree of operation

## COMPONENTS

- Hinged Bonnet for easy access
- Cartridge airfilter
- Billet steel Hubs
- Pivoting grill assembly
- Plastic moulded fuel tank
- Built for Australian conditions

The Viking team Scott McGregor and Bernard Regan surveyed users and then set about to make a new production Mini Skid Steer Loader to fulfil their needs. The key items identified in the survey comprised:

1. Comfortable working position
2. Easy to use controls
3. Ability to work in narrow spaces
4. Good working visibility
5. Ground speed with a full load
6. Fast lifting on the arm
7. Fuel economy
8. Long serviceability
9. Attachment flexibility
10. Value for money

The Viking Workmate Model ticks all the boxes; with design going into the layout of the operating controls and standing position, the area is free from unwanted protrusions and is comfortable to drive. The Workmate's excellent ground speed under full load conditions. This is good value for the customers, as it gets the job done quickly

#### PERFORMANCE

Hydraulics	
Pump Size	11.3 cc (Carburetor)
	12 cc (EFI)
Hydraulic Pressure	3200 psi
Hydraulic Capacity	40 litres
Max Travel Speed	8 km/h
Rate Lift Capacity	365kg
Wheel Motors	4 x 470cu

#### ENGINE

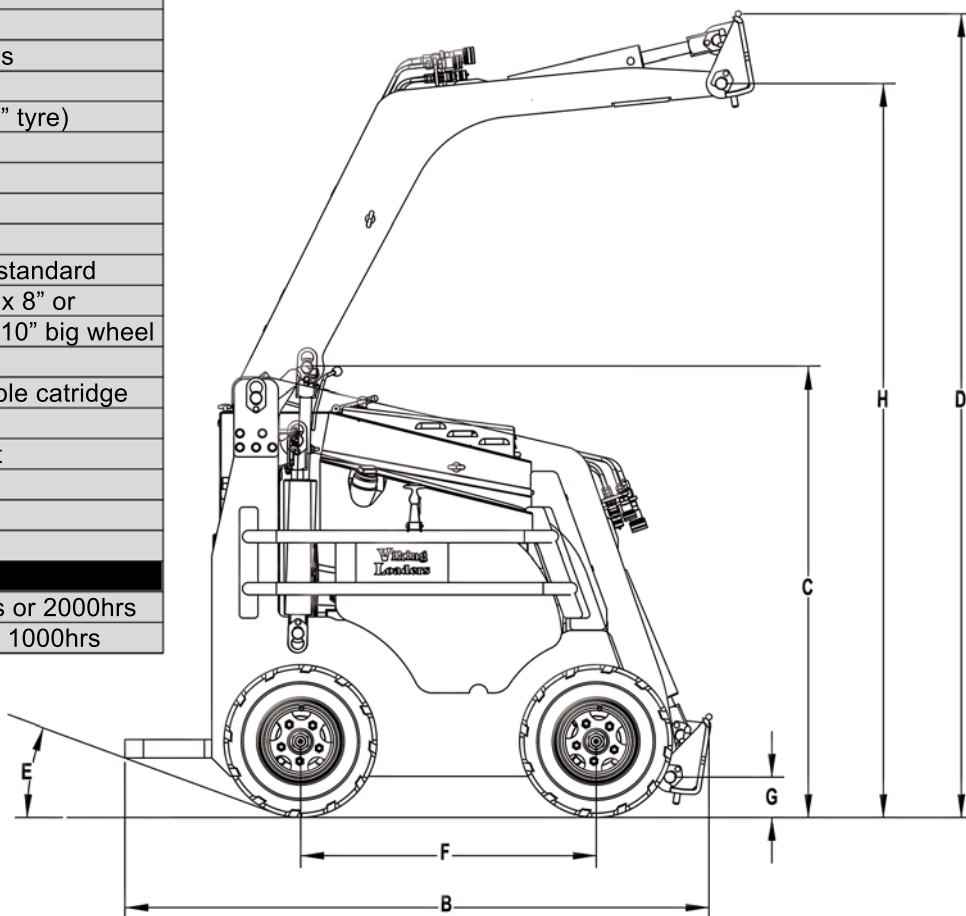

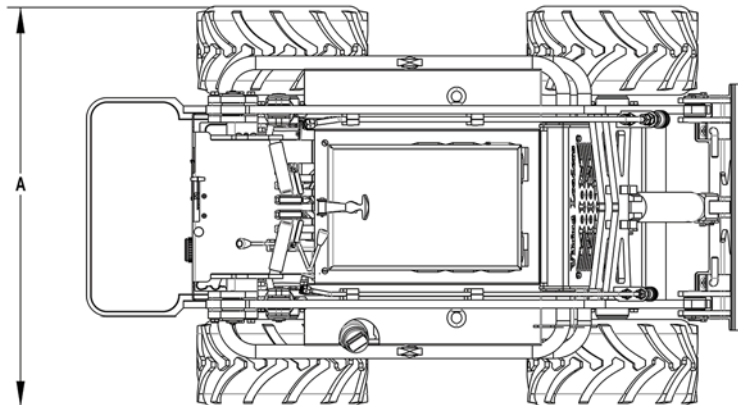

Petrol options	Kohler 23hp Carburetor
	Kohler 27hp EFI
Fuel Tank	25 Lt

#### DIMENSIONAL SPECIFICATIONS

A. Overall Width	950mm with 8.5 " wheel
	900mm with 10" wheel
	740mm with 8.5"(skinny)
B. Overall Length	1600mm
C. Overall Height	985mm
D. Max. Operating Height	2165mm
E. Angle of Departure	20 degrees
F. Wheel Base	800mm
G. Ground Clearance	120mm (8" tyre)
H. Max. Pin Height	1990mm
Dump Height - Std Bucket	1940mm
Dump Height (4 in 1 bucket)	1900mm
Height to Hinge Pin	1985mm
	Tyre size standard
Tyre Size	18" x 8.5" x 8" or
	19" x 8" x 10" big wheel
	(optional)
Filtration	Replaceable cartridge
Machine Mass	750kg wet
Angle alarm sensor	Optional
Security Immobiliser	Optional

#### WARRANTY

Engine Warranty	24 months or 2000hrs
Product Warranty	2 years or 1000hrs
