

## CORPORATE HEALTH AND SAFETY POLICY

Emerald Workforce Services management is committed to the health and safety of each of our associates to be of primary importance. Our objective is to comply with legislation and protect associates from injury or occupational disease.

Emerald Workforce Services is committed to the continuing improvement toward an accident-free workplace by implementing effective supervision, training, and education. The Directors and Officers of this corporation promise that every reasonable precaution in all circumstances will be taken for the protection of all associates.

As an employer, Emerald Workforce Services is ultimately responsible for the health and safety of all associates. Managers and Supervisors will be responsible for the health and safety of associates under their supervision. They will ensure that equipment and machinery that will be used by each associate are safe. Every associate must comply with established safe work practices and procedures upon using equipment or machinery. Associates will receive proper training in their specific work tasks.

Emerald Workforce Services recognizes that a safe work environment can be established and sustained only through a united effort and cooperation by all parties. Every associate must protect their own health and safety at work by complying with legislation and following safe work practices and procedures.

Emerald Workforce Services will continue to provide a safe, healthy and incident free workplace.
