Whole Child Education with 7Cs

1. **CHARACTER** - Anchor the Social Emotional Character Development of every child by building on their innate curiosity with the iterative Cognition → Conation / Motivation → Cognition cycle in Designing Learning 2.0.
2. **COMPETENCIES ("CONTENT")** - Maximize teaching and learning with *7Cs Curriculum Guides* based on rigorous Curriculum Management Audit Criterion (CMSi, 2019). *Guides* document components by grade by subject with specificity.
3. **COMMUNICATION** - Train students for purpose-filled actions by teaching them tools and tips to use with others as they observe adults explicitly model the four People Styles at Work to build strong relationships with all stakeholder groups.
4. **CRITICAL THINKING** - Build students' ability to use the eight elements of thought, second-nature to every child as they become masters of the STREAMS curriculum.
5. **COLLABORATION** - Steer all nine stakeholder groups to their specific roles and responsibilities with their unique WHY, HOW, and WHAT in the G MIRACLES puzzle to increase student success for maximal collective impact.
6. **CREATIVITY** - Use Design Thinking for developing innovative solutions to complex STREAMS societal problems by better responding to parent-student-teacher needs in this COVID-19 era.
7. **CITIZENSHIP** - Develop socially responsible citizens, like ISO 26000 elaborates, to embrace accountability, transparency, ethical behavior, respect for stakeholder interests, the rule of law, international norms, and human rights.

7Cs Graduate at Graduation

7Cs Outcomes	to	7Ps Outcomes
Classroom-based		*Performance-based*
Citizenship	→	People
Creativity	→	Passion
Character	→	Positive Outlook
Critical thinking	→	Purpose
Competencies	→	Process
Communication	→	Persuasiveness
Collaboration	→	Power

STREAMS = **S**cience **T**echnology **R**eading **E**ngineering **A**rts **M**athematics **S**ocial studies
