

## GLOBEFORM ANALYSIS - CANDY BOY

**CANDY BOY** showed smart form here at Santa Anita back in the spring, when winning the Lewis Memorial (G2) and running third to California Chrome in the Santa Anita Derby (G1), and he has come back to form the past couple of months, though is really up against it against the best in the division here. He was 6 lengths third behind Bayern in the Pennsylvania Derby (G2) and beaten easily by over four lengths when second to Shared Belief at Los Alamitos in August. Candy Boy has also been second in a photo finish against Tapiture, when he failed by a nose in an attempt at giving that rival two pounds in the West Virginia Derby (G2) at Mountaineer Park.

*Candy Boy is one of the big outsiders in this field.     **Globeform 114***
