wants and needs Good communicator Gets good grades in school Accepts differences in

others Enjoys reading Learns from mistakes Makes good choices Does not argue with adults

Helpful at home, Other: _____

Zoomchat Support Group Participation Consent Form

I, _____, parent(s) of
minor child(ren) _____

hereby consent for my child(ren) to participate in the Zoomchat support group sponsored by Nate Comic Inc./Larry's Boys School for youth.

The purpose of the program is to offer support, and education on mental health issues and coping skills to assist them dealing with obstacles in their environment that threaten their progress and their future success. I understand that this program does not guarantee individual counseling, but is designed to facilitate self-awareness and confidence, and to promote new behaviors that help young people deal more effectively with the challenges that life presents.

Confidentiality: I understand that in order to encourage youth to participate actively, parents and outside observers will not be allowed to attend. I understand that participation in the group is completely voluntary, and confidentiality is addressed and respected. I understand the exception to this is the facilitator's legal and ethical responsibility to take appropriate action in the case of an individual intending to do harm to themselves or others, or if abuse or neglect is suspected.

Waiver or Notification: In accepting services from Larry's Boys School/Nate Comic Inc for my child(ren) and/or myself, I agree to release the organizations and their staff and representatives from any legal/prosecutorial claims and damages connected with the remote learning the Zoomchat support group participate.

Parent's Signature

Parent's Name (Print)

Participant's Signature

Participant's Name (Print)

This form must be received prior to the date your child attends the group
