**Subject:** 4506C E-Sign Summary Log

Good morning. As some of you know we have been having issues with the Tax Transcripts due to the E-Sign Summary Log not having the correct verbiage on them anymore. DocMagic is looking in to this. For the time being they are changing our e-sign log back to the old version for the 4506C. This will look a little different, but will have the correct verbiage. Any file sent out as of 11:00 AM this morning should contain the correct verbiage. If you have files that do not have the correct verbiage then the best thing to do is send the 4506C out with the order through Partner's. We apologize for the inconvenience and will advise once this is corrected. Please feel free to contact me with any questions or concerns.

Thanks,
