DESCRIPTION:

ULTRA SCRUB contains orange oil, harvested from citrus fruit, and grit – which are then blended with natural conditioners and proprietary ingredients to make **ULTRA SCRUB** the solid choice for removing heavy duty grease and grime from hard working hands. We at Rochester Midland are extremely proud that this breakthrough product is possibly the safest of its type available to industry today, hand in hand with our commitment to safety and a better environment.

FEATURES:

- Literally melts grease, grime, and inks in seconds.
- Fortified with a safe grit for extra cleaning and grime removal.
- **ULTRA SCRUB** does not use silica or pumice as its source of grit.
- Contains orange oil distilled from orange peel.
- Blended with natural conditions, pH balanced.
- For use with or without water.
- Comes in a convenient dispenser with pump.
- Biodegradable..

ADVANTAGES:

- Safely removes adhesives, grease, paint, tar, asphalt, coatings, grime, putty, sizing, carbon graphite, mastic, scalants, stains, and many other soils.
- For instances where the requirement for grit is absolute.
- Safety officers and committees will accept **ULTRA SCRUB** as a safe alternative.
- Natural cleaner without smelly petroleum solvents found in most hand cleaners.
- Eliminates the discomfort of cracked, greasy hands.
- Increased flexibility for use on the job site.
- Trouble free dispensing action.
- Environment and user friendly containing non-petroleum distillates.

BENEFITS:

- Reduced downtime allocated to clean-up. Eliminates troublesome cross contamination from searing inks and greases. Dries to a soft fresh non-tacky after-feel.
- Speedier grime penetration; toughest of soils give way instantly.
- Another selling advantage over grit type cleaners.
- Decreased possibility of dermatitis particularly during cold weather periods.
- Easier & more convenience for workers.
- Dispenser may be positioned closer to job site.
- Satisfies environmental concerns.
- Imparts fresh orange fragrance to your hands.
