- Biodegradable*
- Contains No Hazardous Ingredients**
- No Petroleum Distillates
- No Glycol Ethers
- No Alkalies
- Non-Corrosive
- Low VOC
- Made Using Renewable Resources
- NPE Free
- Fragrance Free (no added perfumes).

DILUTION RATIOS

Soap and Body Film Removal 1:32 (125ml per 4 litres of water) (31ml/litre) Moderate Soil

1:16 to 1:8 (250ml to 500 ml per 4 litres of water) (62-125ml/litre)

Stainless Steel, Partitions and Other Washroom Surfaces 1:16 (250ml per 4 litres of water) (62ml/litre)

Dilute with water from the cold tap. Can be used RTU if desired.

DIRECTIONS FOR USE

To conserve energy, dilute with cold water. Disposal: Dispose of unused product according to municipal, provincial and federal regulations. Please recycle container.

PERSONAL PROTECTION: Wear rubber or vinyl gloves. Wear safety glasses or goggles.

For removing hard water deposits and soil accumulations, apply to any washable surface using a sprayer, cleaning cloth, swab or brush. Allow time for the chemical action to begin dissolving the soils. If needed, scrub, using a mild abrasive pad or brush. Exercise caution when using abrasive pads on chrome, stainless steel, formica or painted surfaces, as they may scratch these surfaces. For routine cleaning it is generally not necessary to use a brush or other abrasive tool. Simply clean, using a sponge or cloth, then polish with a dry towel. Rinsing is typically not necessary.

ALBERTA BROOM AND CLEANING SUPPLIES LTD.

For Stainless Steel: Dilute 250 ml Enviro Chem Washroom Fixture 1:16 to 1:8 (250 ml to 500 ml per 4 litres of water) (62-125ml/litre). Clean, then polish using clean dry toweling.

Use Enviro Chem Washroom Fixture Cleaner full strength for those hard to clean areas in your bathroom. Normal Soil: Dilute 1:125 (500ml) per 4 litres of water. (125ml/litre)

Heavy Soil: Dilute 1:2 (2 litres) per 4 litres water. (500ml/litre)

PRODUCT PERFORMANCE CHARACTERISTICS

For keeping basins, showers, bowls, urinals and wash-room surfaces clean and fresh in one easy step. Its mild food-grade acidic formula removes soap film, body oils, make-up and mineral deposits from any washable surface without damage. This one-step cleaner cuts through grime and requires no rinsing.

Use a sprayer, hand bucket and sponge, or mechanical sprayer device, simply apply the solution to the surface and wipe clean.

Chrome, stainless steel and other high gloss surfaces may be polished with a clean, dry cloth, if desired. Also excels at removing those difficult stains from ceramic tile floors and grouting.

TYPICAL PROPERTIES

pH	4-4.3
pH Specific Gravity	1.08-1.088
Foam Height (2%)	20 cm3
Foam Height (10%)	45 cm3
Color	Green
Odor	Mild
Clarity	Clear
Sediment	None
VOC's (%)(EPA Method 24)	1.4-1.5

This product meets Ecologo TM Environmental Standard for Hard Surface Cleaners (CCD-146) based in its low impact for human and environmental health.

This product meets Grean Seal's TM Environmental Standard for Industrial and Institutional Cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.
