

RITUAL CALENDAR OF VARIOUS GROUPS – 2011

Glorious God Ministries, Inc.
www.karencaston.org

Not all cults observe all holidays. Dates with significance to individual groups, like leaders birthdays may also be celebrated. Those groups that utilize numerology, mark dates whose numbers add up to "power numbers" or dates with repeating numbers, such as October 10, 2010 (10/10/2010). Understand that these four groups participate in different rituals, practices, or observations of the holiday or event on that day. As in "The satanic & witch Calendar" this calendar was prepared for the body of Christ to be aware, to pray, and to spiritually war against wicked ritualistic practices or observations.
