

**Advocate.** Recovery from addiction is possible for everyone. No one is beyond hope. We advocate for making recovery supports and resources—especially peer support—available and accessible to **everyone** in our community and beyond.

---

**Educate.** Stigma and misconceptions about addiction are widespread and cause a great deal of damage. We work to replace ignorance with knowledge. We empower people in recovery and family members through education. Through our Recovery Coach Academy, we offer training to community members, healthcare providers, and others who want to support recovery.

---

**Connect.** Connection with peers who have shared lived experience helps to protect against isolation, despair, and relapse. Our Recovery Community Center provides a warm, welcoming, and safe space for connection, peer support and offers recovery resources.

---

**Celebrate.** Everyone needs something to look forward to. We are a community that celebrates together. We host many celebrations: sporting events on our Big Screen, fashion shows, holiday dinners, and events for families and children. We celebrate everyone who takes a step toward Awakening a Lost Dream by entering Recovery.

---

## Our Mission

*To promote the right and resources to recover through advocacy, education, and demonstrating the power and proof of long-term recovery.*

# Lost Dreams Awakening

A recovery community organization  
in New Kensington, PA

---

FOUNDED IN 2014

## Recovery Community Center (RCC)

Lost Dreams Awakening (LDA) Recovery Community Organization, founded in 2014, is a registered 501(c)3 non-profit organization. LDA offers FREE Recovery Support Services to individuals, families, and communities seeking recovery support services for Substance Use Disorders.

The LDA Recovery Community Center, is the nucleus for our services and is meant to validate that **recovery from the disease of addiction is possible!**

LDA utilizes trained peers and allies to deliver the non-clinical services that fasten the seams between treatment and recovery. We focus on recovery support that helps remove barriers and provides the necessary resources to build recovery capital for all those who are seeking to enter and maintain long-term recovery.

The support we offer is not meant to replace treatment or the diverse pathways to recovery. We strive to be a catalyst in improving quality of life, preventing relapse, and sustaining **Recovery**.

**LDA Wellness Center now open 24/7!**

See a full schedule of our social events at on our Facebook page:  
[facebook.com/lostdreamsawakening](https://facebook.com/lostdreamsawakening)

Visit our new onsite recovery boutique: featuring recovery books, manuals, gifts, and more!

LDA Co-Founder, Laurie Johnson-Wade (2nd L), joins with ARCO Leaders from around the country to Advocate for Recovery Support Services at the ONDCP, Washington, DC.
