

## **Beginners: Transfer Students**

All transfer students will be assigned books and repertoire based on their level of learning. If you have previous experience, you'll be asked to prepare at least two short pieces to play during your first lesson. Please bring the books/repertoire from which you have previously studied but not yet completed.

Once I've established a good starting point for you, you'll be instructed which books or sheet music to purchase.

**Assignment Book:** Transfer students need to bring a notepad of their choice for assignments in addition to the above described books.
