

## Final International meeting in Poland, Łódź

September 2017

Final International meeting in Poland took a place on Łódź in September 2017. Leader of the project together with the project partner summarised the project and its outcomes. We also discussed the tools and the results of the project. The main target of the strategic partnership was to develop a universal multilingual tools and materials, which directly contributed and increased the level of awareness of school age children in the area of multiculturalism and national identity which is ready to share with people.
