Beard Oil for Men

INGREDIENTS

- Jojoba Oil
- Grapeseed Oil
- Avocado Oil
- Hemp Seed Oil
- Peppermint Oil
- Tea Tree Oil
- Fragrance

BENEFITS OF THIS PRODUCT

This beard oil is used to moisturize and soften your beard hair and the skin underneath, while keeping your beard looking more fuller and tamer.

Directions: Apply a few drops of oil to your partially dampened beard. The length of your beard will determine how many drops to apply. Rub the oil in from your skin to beard, making sure that you apply it all the way from your root and tips.
