

Fireside Fellowship:

The Word of God:

1. In what way might we 'water-down' the gospel today? Why are we tempted to do that?
2. How are we experiencing the power of God changing our life today?
3. What is our response to suffering because we are following Jesus? Do we tend to fall back or press forward?
4. Does the reality of the coming wrath of God help us to remain faithful in suffering? Why or why not?
5. Do you believe people today are intentionally against Christ and His followers? Why or why not?
