QuickDry Foam: CabanaCoast now offers Performance Quick Dry outdoor cushions for our patio furniture. The foam is 2.2 high density, premium quality, that will stand up to the elements for years with a high-performance foam design that allows water to quickly flow through the foam. Very dry, very fast, very comfortable!

Premium Foam: Our premium outdoor cushions are made with 1.8 high density foam that has a water resistant polyester top. Water drains out at a slower pace but will air dry out quickly enough to not allow mold growth. This foam offers the utmost quality and resiliency while still providing superior softness and comfort, it is truly a great outdoor cushion!

Picture Shows: QuickDry Foam immediately draining water through the whole piece of foam while the Premium Foam water flows over the top and down the sides as it takes longer to absorb and process the water.
