Consumption Bar Services

Consumption and Combination bars are a great option for clients working with a set budget. With consumption bar, you are able to keep the bar open on a “consumption tab” up to a pre-determined limit. For example, you can set a \$2,000 limit to be spent at the bar. After the \$2,000 limit is reached the bar service would either close or you could convert to a cash bar—where your guest pay for their individual drinks.

Prices do include applicable taxes.

20% gratuity / minimum service fee will be applied to consumption bar purchases.
