**March/April 2021
Letter from the President, Donna Johnson
Spring Ahead! Finally!**

Currently, the guidelines outlined by the CDC make the prospect of having our monthly live meetings not possible. To maintain the advised guidelines and to ensure the health and safety of our members, friends, and the community, our monthly, in person meetings are suspended, until the time that the CDC advises to resume a normal lifestyle.

To herald in the Spring Season, The Spring Valley Nature Club is going to host a Virtual ZOOM meeting! On Wednesday April 7, 2021 at 7:00PM, the ZOOM meeting will be open to all members and friends of the Spring Valley Nature Club. Never used ZOOM, no problem, it's extremely easy! You just need a smart phone, or laptop. You will receive an email with the invitation to join the meeting. You may share the link with interested friends.

Heirloom Tomatoes, Vegetables & Herbs - Donna Johnson, Presenter

New Visitor Amenities Project Begun

The planned project to construct new picnic and outdoor program areas, restrooms, and a new pollinator interpretive garden near the Nature Center is schedule to wrap up sometime in April or May. They are designed to better serve Spring Valley's many new visitors. During construction, access to the walking paths near the Nature Center will remain open, although walkers will be detoured around the rear of the building. Bison's Bluff patrons are also detoured to a temporary entrance located along the sidewalk leading to Schaumburg Rd. Fencing is in place to keep patrons away from the construction area and parking lot entrance lanes.

1974 And Beyond

Spring Valley began as a dream by one of the founders of the Village of Schaumburg, Ellsworth Meineke.

Early on he referred to it as “The Spring Valley Dream.” It was he who convinced the Schaumburg Park District and the Village of Schaumburg to work together to acquire and preserve land for Spring Valley. Ellsworth founded the Spring Valley Nature Club in 1974 as a not-for-profit service organization which provides volunteer and financial support for Spring Valley and promotes conservation, nature, and environmental education. The Club sponsors nature programs and teacher field trips, and members volunteer at festivals and fund raisers. We have been working hard since 1974. Won’t you join us?

These words reflect the dedication that the founders felt for the purpose of the Club and the love of the natural world around us. Since the Schaumburg Park District assumed the responsibility of recruiting volunteers, Nature Club’s purpose has evolved to share its love of Spring Valley by offering timely programs that reinforce a more wholesome lifestyle. We have initiated monthly educational programs that instill a comprehension of our ability to lessen our carbon footprint by reducing waste, recycling and reusing our valuable resources. Our monthly programs enlighten us to appreciate our environment and respect its fragile beauty.

We have lessened our impact on landfill waste by eliminating the mailing of our bimonthly News Leaf. We are encouraging members to attend educational programs which teach us the importance of the wildlife around us, the art of using our natural resources wisely and being more self-reliant by advising how to live a more wholesome lifestyle, grow and live more organically and become more self-sufficient.

With the kind donations and assistance from local merchants and organizations, we can exist more ecologically by shopping locally. Some of the wonderful supporters and contributors to the club have been, Roselle Ace Hardware discount coupon; Schaumburg Park District 1-day Fitness Pass; Platt Hill Nursery discount coupon at their garden centers; Holistic Art Studio discount coupon; Skincare by Carmela discount coupon; Sweetland Bakery discount coupon; and Chick-Fil-A (free sandwich Schaumburg stores only).

Our wonderful supporters have given us a way to lessen our footsteps by offering valued products and services at discounted prices while saving our energy dollars by reducing the number of miles we travel. Please support our supporters. With their help, we have been successful in raising additional funds to sponsor educational programming for our Club members, Spring Valley Volunteers, and school children and teachers from our community. We have supplied funds for books for Spring Valley’s Library and have sponsored various free to the public programs and events that the Nature Center has offered.

Thanks to you all, and especially our valued Members and Supporters of Spring Valley Nature Club!

Please take time to review all the wonderful benefits we are offering to our members with their Nature Club membership. Won’t you join us?

Spring Valley Nature Club is a 501(c)(3) organization and contributions may be tax deductible. Check with your tax advisor.
