Important Questions	Answers	Why This Matters:
What is the overall <b>deductible</b> ?	\$ 500 per person, \$ 1,000 per family	You must pay all the costs up to the <b>deductible</b> amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the <b>deductible</b> starts over (January 1). See the chart on page 2 for how much you pay for covered services after you meet the <b>deductible</b> .
Are there services covered before you meet your <b>deductible</b> ?	Yes. Preventive care services (In-Network) are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a> .
Are there other <b>deductibles</b> for specific services?	No	You don't have to meet <b>deductibles</b> for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
What is the <b>out-of-pocket limit</b> for this <b>plan</b> ?	\$4,000 per person, \$8,000 per family	The <b>out-of-pocket limit</b> is the most you could pay during a coverage period (one year) for your share of the cost of covered services. This limit does not apply to out-of-network co-insurance expenses. This limit helps you plan for your expenses.
What is not included in the <b>out-of-pocket limit</b> ?	<ul style="list-style-type: none"> <li>• Member contributions</li> <li>• Expenses not covered by plan</li> </ul>	Even though you pay these expenses, they don't count toward the <b>out-of-pocket limit</b> .
Will you pay less if you use a <b>network provider</b> ?	Yes. For a list of CareFirst <b>network providers</b> , see <a href="http://www.carefirst.com">www.carefirst.com</a> or call 1-800-235-5160.	This plan uses the CareFirst PPO provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a <b>referral</b> to see a <b>specialist</b> ?	No	You may see the <b>specialist</b> you choose without permission from this plan. The <b>specialist</b> must be an in-network provider for you to receive the higher reimbursement rate.
