

MY MISSIONARY SHIPPING

DHL Capability Tool <http://dct.dhl.com>

First you'll go to the Capability Tool by clicking on the link above. This is what the page will look like.

The screenshot displays the DHL Capability Tool interface. At the top, there is a yellow header with the DHL logo on the left and the text "DHL Capability Tool" on the right. Below the header, the interface is divided into several sections:

- From/To Section:** Includes a language dropdown set to "English (UK)", a "Save From Address" button, and a "Clear" button.
- Origin/Destination Fields:** Two columns of dropdown menus for "Origin Country", "Origin Zip", "Origin City", "Origin Suburb", "Destination Country", "Destination Zip Code", "Destination City", and "Destination Suburb".
- Shipment Details Section:** Contains a "Shipping date" field with a calendar icon (set to 01/11/2016), a "Dutiable Material" checkbox, and a "Declared value" field.
- Piece Details Section:** Features a "Number of pieces" dropdown (set to 1) and a "Units" dropdown (set to kg). Below this is a table with columns for "No.", "Weight (kg)", "Length (cm)", "Width (cm)", and "Height (cm)".

No.	Weight (kg)	Length (cm)	Width (cm)	Height (cm)
1.	0.10 kg			

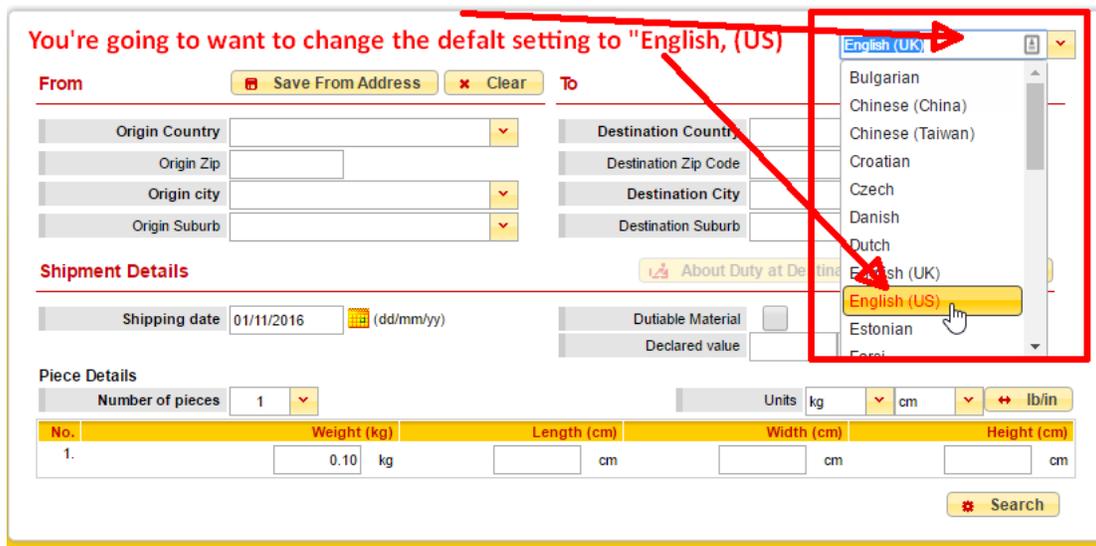

A "Search" button is located at the bottom right of the form area. At the very bottom of the page, there is a small copyright notice: "(c) 2012-2013 DHL International".

MY MISSIONARY SHIPPING

DHL Capability Tool <http://dct.dhl.com>

Once you are there you will want to change the Default setting from English (UK) to English (US) at the top right side of the window. This will change the default setting to inches for the dimensions and US pounds for the weight and USD as the currency for the declared value.

You're going to want to change the default setting to "English, (US)"

The screenshot shows the DHL Capability Tool interface. A red box highlights the language dropdown menu in the top right corner, which is currently set to "English (UK)". A red arrow points to the "English (US)" option in the dropdown menu. The interface includes fields for "From" and "To" addresses, "Shipment Details" (Shipping date: 01/11/2016), and "Piece Details" (Number of pieces: 1). The "Units" section shows "kg" for weight and "cm" for dimensions, with a toggle for "lb/in". A "Search" button is located at the bottom right.

No.	Weight (kg)	Length (cm)	Width (cm)	Height (cm)
1.	0.10 kg	cm	cm	cm
