

# GRIEF SERVICES FOR CHILDREN

No cost support for grieving children, aged 3-17.

Children in our programs have experienced the death of a family member or friend due to natural causes, illness, suicide, homicide or accidents.

*Through art and dialogue, children learn they are not alone in their grief, and that what they are feeling is completely normal. Our activities focus on exploring the thoughts and feelings we have after losing someone we love, and how to safely express those thoughts and feelings. Children share memories of their loved ones, encouraging hope and healing.*
