

STUDYING THE BIBLE – HOW TO STUDY THE BIBLE

Course Description:

Once we have chosen to follow God's plan for our lives, we are not only responsible to conform our lives and characters to Christ's image, but to share Christ's love with others so that their lives can also be transformed. We can best fulfill our responsibilities as we respond to the Holy Spirit when He reveals God's mind to us as we study the Bible. This course gives a great deal of necessary insight for those who are interested in organizing their study of the Bible.
