#### 3. Define your WHY

Why are you doing this business? Knowing, understanding and being able to share your WHY will help you build your business.

- Sharing your WHY with potential customers will help them understand how important it is to you that they become your customer.
- Sharing your WHY with potential consultants will help you connect to what their WHY might be. It makes it personal.
- Share your WHY with everyone you talk to about this opportunity.
- Do not skip this step. Your WHY is what will get you through the slumps that come
  with building any business. It will be your reason to stay committed to what you have
  started today.

•	Your WHY:		

#### 4. Become your own first customer

- Sign up at www.YOURHANDLE.joinambit.com
- Password selected during the sign up process:
- Complete the third party verification process by calling 1-800-506-3151.
- Go to your customer enrollment website and follow the link in the top right corner "Ambit Energy Customers Log In Here." Use your Ambit account number and the password you selected during the sign up process to log in.
- This page will allow you to manage your account online, track your rewards points, energy usage, etc.
- Following this process will familiarize you with all of the necessary steps to signing up all of your future customers.
- MARK IN YOUR CALENDAR AND YOUR PHONE WHEN YOU WILL NEED TO RENEW FOR CONTINUED SAVINGS. DO THIS FOR YOUR PERSONAL CUSTOMERS TOO.
- All consultants <u>MUST</u> take the **Customer Certification Quiz** to enroll additional customers

#### 5. Link your new Ambit Energy account with your consultant ID

- Log in to your Power Zone and follow the link "Sign Up to Earn Free Energy.....click here to register" at the top of the home page.
- Complete the steps to link your Ambit customer account number with your consultant ID number.
- Completing this process allows you to be eligible for the "Free Energy" program that is available to all Ambit customers.

#### 6. Three Way Calling

Know how to use the three way calling feature on your phone. If you do not have this
feature, add it! This is an invaluable tool in helping you get answers to questions and
bring in upline support when you are talking to perspective customers/consultants.

# 7. With your sponsor's help, duplicate the process outlined in step 4 to enroll two more customers

- Make a list of 10 people that would do you a favor (no questions asked!).
- Focus on your relationship with these people not the facts and figures.
- Do not try to sell the service based on price or perks. Ask them for a favor.

#### **CUSTOMER GATHERING**

#### 1- Contact

- Call prospective customer.
- "\_\_\_\_\_\_, I need your help and it's really important to me, do you have just a couple of minutes?"
- "If it wouldn't cost you anything, wouldn't cause you any inconvenience and would actually save you some money, would you do me a favor?"

#### 2- Presenting the Service

- "I've started my own business because (insert your WHY here). I'm working with Ambit Energy helping people like you save money on their energy bills."
- "There is no cost to become a customer, your savings is guaranteed in writing, there is no contract to sign, no interruption in service...in fact, the only thing that changes is that you will be paying less for your energy."
- "Would you help me out by becoming my customer?"
- If yes, follow the process you completed when enrolling yourself. You do not need to go into any more detail about rates, travel rewards, referral program, etc. Move right into the sign up process.
- If no, ask why and go on to step three.

#### 3- The 3-Way Call

"I thought you'd probably have some questions. Hold on a minute, I can get the answer to that question right away." Immediately bring in your upline support system to help you close. You do not need to ask to do the three way call...take charge and just do it.

#### 8. Develop your prospect list

This is a critical step for your success. This list should be continually evolving and growing. It is the number one tool you have to begin growing your business!

- DO NOT prejudge anyone.
- You do not need to know their last name or even their first name. "The guy at the post office" will do!
- If you got paid \$100 for every name you could think of, how big would your list be?
- Use the memory jogger and included record sheets to assist you.

#### 9. Prioritize your list using the E.R.I.C. system

Explained later in this packet.

#### 10. Don't talk to anybody about the business opportunity with Ambit Energy... YET!

You are excited, we know. We were too. Let us help you avoid the mistakes we made early on in our business. Once you have completed steps 1-9, you will have generated your first paycheck and be on your way to building a successful business with Ambit Energy. Before you talk to anyone on your list about this opportunity, please take the time to read and complete the suggested trainings found at the beginning of this packet.

This packet was created to help you duplicate the success of Ambit's top income earners. Learn the system created by these people. Teach it to each person you bring onto your team. Enjoy your own success and the freedom it will create for you.

# **Jump Start Goals**

## Earn upfront bonuses as you gather your customers.

For Jump Start Bonuses you count the number of accounts (not services). If a customer has both electricity and gas on one utility bill it counts as ONE toward your Jump Start Bonuses. Fill in the names EXACTLY as they appear on each separate utility bill. Put a check mark next to your customer's name once they have pre-verified.

# **Get Promoted to RC**

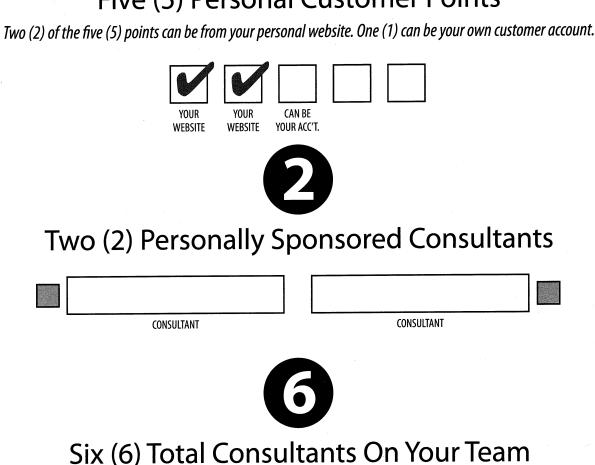

# Complete the basic building block of the Ambit compensation plan—526!

Track your progress toward your first promotion (just check off the boxes). Do it within 30 days to be considered a Fast Track RC.

To reach RC, you need a team of six consultants (with at least two who are personally sponsored) AND there must be at least 18 customers within your downline consultants.

# Five (5) Personal Customer Points

These can be personally sponsored or anywhere on your team. Your personally sponsored consultants count toward this total.

# Dos and Don'ts for New Ambit Consultants

## DON'T

- Don't talk to any potential customers or consultants until you get trained. Would you open up a McDonald's franchise before you got trained and learned the successful McDonald's system?
- Don't try to explain this business to potential consultants. Use your Energy526 web site, DVD, weekly business presentation or experienced business partner to do the presentation for you.
- Don't send out a mass email or mass text to your potential consultants or potential customers. This business needs to be built on personal relationships.
- Don't EVER Quit. Good Things will happen.

## $\overline{\text{DO}}$

- Do treat Ambit like a real franchisei type business. Treat Ambit like you invested \$75,000 instead of \$75 and your business will be very successful.
- Do visit <a href="https://www.TopAmbitLeaders.com">www.TopAmbitLeaders.com</a> and click on training. Watch all videos.

Remember, we get paid to do just two things:

- 1) Gather a handful of LOYAL customers and
- 2) Build a team of consultants who do the same thing
- Do get on as many conference calls and web trainings as possible.
- Do make a written list of all your potential consultants. Do NOT prejudge people. The bigger the list, the bigger the return.
- Do keep in daily contact with your business partners.
- Do attend as many live events as possible.
- Do stay plugged into our proven system.
