From the Desk of Mr. Sasfy:

Happy New Year to our parents and Swedeborg community! We hope everyone had a blessed and merry Christmas!

Our school district would like to thank the individuals, organizations and churches that have helped to make this Christmas even more special for our students. We are truly blessed to be partnered with such wonderful organizations and people!

This year, 2023, will be the 104th year that this school has served the Swedeborg community as an accredited Missouri school district. Over the years, as the Swedeborg community changed, our school district adapted to meet the educational needs of our students and to support the community.

Last year, we undertook significant changes to school district personnel, class infrastructure, maintenance and fiscal expenditures. Though the implementation of these changes were difficult it was required to better support our students' educational needs and the Swedeborg community.

This year, we will be working on the Continuous School Improvement Plan (CSIP), for the school district. To make this an effective plan, we will be seeking parent, student and community input through meetings, surveys and questionnaires.

A major component of the CSIP will be the proposed implementation of a four-day school week. We will be addressing this issue and others in the upcoming months as we work together to complete, certify and submit our CSIP to the Missouri Department of Education.

Mr. Mark
