Purpose:

We're partnering with SLP and other environmental groups to create a mini 2 and 1/2 acre 'Eloise Butler type of garden and nature area on the NE corner of Bass Lake.

We've pulled buckthorn, created wood chip trails, cleared tons of debris and made a deer 'exclosure' in which we will plant only wild flowers. We don't know if you've had a chance to explore it but we'd love to give you the opportunity to do so. It's fondly called **Bass Lake Woods**.
