

Fireside Fellowship:

Faithfulness to the Truth:

1. How is the impact of disunity in the church different for leaders than non-leaders?
2. Why is remaining faithful to the truth so important during times of disunity and division in the church?
3. How does the “health and wealth” gospel miss the point of gospel?
4. How is physical health related to spiritual health?
5. Do we take great joy in the faithfulness of others to the truth of Christ? Or do we have greater joys for other things in life?
