CORPORATE SPONSORSHIP OPPORTUNITIES

Literacy for Companionship Inc.

We have several ways that your organization can help us make a difference in the world. There are three programs currently being offered to children and each has a unique impact. Additionally, we offer four different sponsorship levels based on your organization's donation.

Pawsitive Book Club: The Pawsitive Book Club is all about bringing the joy of reading to life! Each week, over the course of a month, members enjoy reading, art projects, worksheets, and games all tailored around the book of the month.

We have opportunities for organizations to sponsor and/or host a book club month with LfC. While LfC will run the book club events, we welcome your organization's employees to volunteer their time to help with each event throughout the month. By sponsoring a book club, your organization will be the presenting sponsor – Pawsitive Book Club presented by "Your Organization". Each book club sponsorship is \$500 which also qualifies you for the Bronze level below for the entire year.

LfC in the Community: The goal of LfC in the Community is to teach empathy and compassion using specialized stories. This event is 90 minutes of fun and engagement. Each story is accompanied by open-ended discussions and animal-themed art projects.
